

Visitation At Wallowasett Lake

The sudden unexplained appearance of a giant Blue Whale in a tiny, remote mountain lake causes a worldwide sensation -- especially after news spreads that simultaneously all the terminally ill children of a nearby hospital have been miraculously cured. These and other unprecedented events attract a massive global media presence as they hurry to cover the story of the century. A wide variety of people become involved in the odd goings-on: a lovely cetologist, a local widower with a blind twelve-year old daughter, a miracle investigator, an FBI agent, a mayor, a software billionaire, a bar owner, a foreign reporter, a charlatan, an alcoholic, a TV host, a police chief, and many more.
