

## COMMUNICATING with CELEBRITY SPIRITS (NEW ERA Series)

Communicating with Celebrity Spirits is the collection of communications that took place between 1976 and present times. All of the contributors are well known; they range from politicians, scientists, and performers to royalty. Six texts are signed God the Almighty. All the spirits talk about their past lives relating not only to their last life but also to their lives in the world before. They talk about the circumstances of their deaths and what the transition into the realm of spirit was like. All the spirits describe what life after life is like for them. Most of all, the spirits are interested to talk about the imminent end of this world and the coming of the world Jesus of Nazareth referred to when he said: my kingdom is not of this world. To prepare the reader for the end of the world scenario the Foreword discusses this topic. As the communications presented in this book all took place via telepathy the Foreword also explains what telepathy is and how it works. The Introduction introduces the reader to further topics the author feels the readers should get to know before reading the messages dictated by the spirits. It deals with the Atlantis Connection and explains why the spirits talk about this topic at length and in detail. The Alien Connection discusses the invasion from space this planet experienced 5800 years ago and the subsequent occupation by aliens who called themselves the gods. The author describes personal contacts he had with extraterrestrials. The UFO Connection relates to activities of extraterrestrials in present times concerning this world. The Larry King Connection explains why in the last part of this book many spirits dictated messages for him. The first contact with the spirit of Elvis Presley brought the break through for the authors telepathic abilities. From then on he was able to talk to spirits alone. The first contacts with Elvis Presley, Marilyn Monroe and Frank Sinatra took

place when they were still in hell. They all were asking for help to be able to leave the place of horror they were trapped in. Later contacts were made after they had arrived in the good place. The stories of the ones who were able to go there directly were a lot less dramatic. The chapter with Politicians and associated Persons has two parts: in the first part the members of the Kennedy family and the associated persons Richard Nixon and Frank Sinatra gave very interesting information about their past lives in this world and in the world before. The spirit of President Kennedy gave a detailed account of the circumstances of his assassination naming Nikita Chroushchov as the one who ordered the hit and also mentioning the names of all the persons involved in the conspiracy. His wife gave a historic overview over the lives the participants in this group had in the world before. John Kennedy described the details of he accident, which cost his life and the lives of his wife and sister-in-law. He also described their descent into hell and the subsequent escape from this place of horrors. Richard Nixons spirit explains that he became President to become forced out of office, which repeated a fate he suffered in the world before. Then it was Amun, the god/deity Jack Kennedy descended from who defeated the god Nixon descended from. The animosity and apprehension Nixon felt about the Kennedys reflected the feelings he had carried in his subconscious for thousands of years. Frank Sinatra seems not to fit into the political scenery but the most important task of his past life, which he didnt know, was to make sure Jack Kennedy was elected President. Further communications took place with: Prime Minister of Israel Golda Meir, President Tito of Yugoslavia, Leonid Breshnjev President of the Soviet Union, Mao Tse Tung President of China, Pope John Paul I, Princess Diana of Wales, King Hussein of Jordan, 7 messages for Larry King and 6 messages signed God the Almighty.
