

The Cockroach Catcher

The Cockroach Catcher is an anecdotal collection of Child and Adolescent Psychiatric cases. There are cheers and there are tears. Cases range from simple childhood toilet and sleep problems to serious anorexia nervosa and even psychosis, from abuse to murder. There are also cases of conmen or entrepreneurs in the making, and cases that turn out not to be psychiatric at all. The book provides a glimpse through one specialist's eyes and will be of interest to health care professionals, parents and patients. Memoir Cases are told in story form and range from simple childhood toilet and sleep problems to anorexia nervosa, abuse and psychosis. There are also cases of entrepreneurs in the making, and cases that turn out not to be psychiatric at all. The Cockroach Catcher provides a glimpse of this world through one specialist's eyes and will be of interest to health care practitioners and the general public. There are also chapters on the author's childhood and growing up years in Hong Kong.
