

Dying to Be Angry

Dying to Be Angry is a new kind of self-help book. After a lifetime of repressed anger, author Holland Meissner recounts tales of abuse, crooked justice, and betrayal that forced her to abandon her role as a victim and triumph as a new spirit. Determined to relieve herself of mental poison that a toxic childhood had birthed, she frantically plummets into a cataclysmic journey and strips herself of life as she knows it. Shedding the private world she created in order to cope, Holland reveals the unheard of tale of the making of an angry woman and the triumphant journey that helped her conquer her demons and defiantly reclaim her own voice. Authentic and mischievous, this is the shameless anthem of the repressed woman and the repossession of her life.
