

What On Earth Is Going On? (End Times Answers)

As sensationalists and skeptics wreak havoc with the country's emotions, prophecy expert Mark Hitchcock provides a much-needed definition of what is meant by signs of the times. Hitchcock discusses the current interest in prophecy caused by the 9/11 attack, presents Jesus' own forecast for the future of the world, and details five major global developments today that discernibly signal Christ's coming. This balanced, concise overview of the real signs of the times will clarify Christ's instructions challenging his followers to be alert in the final days. Readers will easily find and absorb the information they need to prepare for His return. From the Trade Paperback edition.
