

# My Name Is Nicholas

Can the deepest grief ever truly heal? Yes - and peace can take its place. Some chapters of our lives we bury deep in our hearts and never take them out - we dare not look at them again. And yet, they crave healing - that tiny voice seeks expression. In this brief memoir of such a chapter in Kathy Behm's life, we trace her journey to find solace after the deaths of her beloved grandfather and uncle. What she discovers is something more profound and wholly unexpected. Kathy's encounter with an unlikely individual unearths a long hidden episode, and delivers her from the grief and despair that have quietly haunted her for the past 10 years.
