

How to find your perfect Lover or Life-Partner

How to find your perfect lover or life-partner offers readers a unique way of learning about their own true nature and needs, plus that of others, so they may make better life-choices. It is an easy-to-use guide for all those seeking the Right One to share their life with, or just wishing to improve their existing relationships. Read it thoroughly and you will gain the ammunition you need for becoming the best friend, parent, child, partner and lover you could hope to be. It guides you to a better understanding of all the people involved in your life, and explains in detail what you can expect from them, and what they can expect from you, offering a long-term recipe for increased daily harmony. Dr. Renee says that understanding what makes a person tick (including yourself) is the key to bettering relationships of all kinds, and the most accurate way to ensure you select your perfect lover or life-partner. Readings and advice is based on peoples LDNs (Life Destiny Number). The Lovers Guide section gives accurate but amusing descriptions of each LDN in bed as lovers. Don't go to a party without it! Everyone's eager to find out about others little quirks! There are also readings and analysis of top celebrities both as singles and couples so readers may compare their own lives and natures with those who are in the spot light.
