

Hula Hoop: The Circle of Connection

Change your whole perspective of the world... There is a thread that weaves its way through the cosmos, binding one soul to another, one event to another, one thought, one feeling, one element of nature causing all others to be affected in some way. Everything happens for a reason. The ancients knew it, the philosophers taught it, religious figures preached of it. In Hula Hoop, The Circle of Connection, Julie Renwicke has used the creative inspiration with which she paints, the spiritual beliefs through which she views the universe, and her knowledge of the worlds ancient philosophies and wisdom, to make you aware of the powerful presence of interconnection and synchronicity in your world and your life. The term hula hoop has become an everyday colloquialism in our modern societies. Yet, more significantly, the hula is the very meaningful Hawaiian art form expressing most ancient belief and wisdom, and the hoop represents the circular symbol of infinity. Put the hula with the spinning hoop and you have the circle of universal wisdom, connection and cosmic harmony.

A theme of astounding overall interconnection within everything in our lives is presented in a riveting collection of astonishing fact, dynamic beliefs and fascinating experience. Become aware of that something else in our lives, and amazed by the energies, mysteries and deeper meanings which illuminate and unify our whole existence. Be amazed. Be inspired. Be enlightened.
