

Beyond Me: Finding Your Way to Lifes Next Level

Through poignant, often humorous stories, you will discover the secrets to Melinda's success, finding practical help to overcome your own obstacles to achieve the next level in any area of life. Because she was tone deaf as a child, Doolittle's choir director would plead with her to just move her mouth and not let any sound come out. Undaunted, her love of singing drove her to enter a contest in the 7th grade and, miraculously, she won. Melinda began to realize that success in life was something bigger than her---or, as she puts it, Its beyond me! She began setting and systematically reaching her goals, such as singing background vocals for her many of her favorite music artists. Then by an amazing turn of events, she burst onto the music scene with her flawless vocal performances on American Idol -- becoming the clear favorite of the shows most difficult judge, Simon Cowell. Beyond Me also provides you a rare behind-the-scenes glimpse of one of Americas biggest pop culture phenomenon, American Idol, and how she turned that stress-filled environment into a springboard from which she could soar.
