

## Waters Last Stand: Volume II: The Wars of the Elementals

A country that places its hopes in a young girl is a country that is ready to fall. War has come to Water as Fire marches its massive army across the Ice. Maddi and Rupert race to find the fragments of the Amulet before the Firelings catch them up. But Waters power is slowly waning and dire dreams invade reality for Maddi and Rupert. In the Fire camp, Elainas doubts grow as the Emperor moves to ensure her allegiance is ever with him. Knite, playing a dangerous game, is drawn further into the shady world of the Fire court, his loyalty to family and friends tested. As Demons and mortals draw closer in the snow, old enmities must be put aside and alliances made if Water is to survive. And at the hands of a twisted god, an ancient ritual is re-awoken.
