

True Self-Love: Heal the old wounds and the self-love will come on its own!

Heal the old wounds and the self-love will come on its own! Why do most people lack self-love? What blocks it? The biggest block is emotional wounding, which can be healed with the exercises you will find in this book. Once you heal the emotional wounding, the self-love will come forth on its own, as it will no longer be blocked by the old wounds. The result of emotional healing is not only true self-love, but also deep confidence and joy. And nobody will be able to take those away from you for the rest of your life. This book is a step-by-step guide for fast emotional healing. We will also talk about two other things that block self-love and how to resolve them. Every person has a natural inner healing mechanism for processing emotional pain and negative emotions. This book will help you to properly use this natural ability and as a result, find true self-love.
