

Solitudes EndEpisode I: A Cliffhanger Story

As the army of the Southern Isles approaches, having left a path of death and destruction, Castle Asland prepares for war. The king sends his son and a boy wizard away from the castle to what he hopes is safety. As the enemy gets closer, and the prince tries to escape, nothing seems to go right. This is the story of the last days of Asland, and the trials of its prince and his wizard as they begin a trip to the ends of their known world. It is the first of several stories in this Cliffhanger Stories series.
