

The Story of You: And How to Create a New One

Discover how to break down the barriers that impede your personal growth! In the tradition of Stephen Coveys 7 Habits of Highly Effective People and M. Scott Pecks The Road Less Traveled, Chandlers tale of personal growth transcends all categories, with elements of psychology, business, self-help, and contemporary social commentary. With humor and biting critiques, Chandler exposes peoples false ego stories for what they are and reveals the source of all success: the inner energy of will and spirit. Filled with candid dialogue from pivotal coaching sessions that Chandler has conducted (and been the subject of!), this book is a dramatic exposure of how we hold ourselves back by the stories we believe about ourselves and then project to the world. Chandler breaks new ground with revelations and fresh interpretations about personalities as diverse as: Elvis Presley, Vincent Van Gogh, Governor Bill Richardson, Dr. Andrew Weil, Hugh Hefner, and Mark Twain. By exposing your stories as the most false and limiting part of your lives, Chandler invites you into a new world of action and creative accomplishment. The Story of You will mesmerize you, stripping away the made-up limitations society asks you to believe and giving you back a fresh new life story. Presented unabridged on 5 CDs. Everyone at the Starting Over show is still talking about Steve Chandler. I thanked God for him showing up and doing what he did for Allison and for the show. --Iyanla Vanzant, Host, NBCs Starting Over If you put together the best of Anthony Robbins and Wayne Dyer, what you would have would be almost as good as Steve Chandler. --Dale Dauten, Chicago Tribune, King Features Syndicate
