

The Nexus

Synopsis: When 16-year-old misfit Tanners weird dreams turn into full-blown psychic powers, he believes hes gone insane. But when a mysterious old man known as the Gatekeeper tells him it is his destiny to close an inter-dimensional portal called the Nexus and stop an invasion of deadly spirit-beings called the Shakhath, Tanner is faced with dire questions: Can he overcome his deepest fears in order to face the threat? Will his newfound powers be potent enough to do the job? And most chilling of all, in order to save the world, will he have to kill his only friends father, and sacrifice the life of his little sister?Authors Bio: Author Scott McGaha graduated in 1985 with a Bachelors Degree in Human Communication from Abilene Christian University.
