

What a bizarre combination the trio were! A Wiccan Witch, a Satanist and a Christian! But they were best friends. Charise had a sudden sense of foreboding. Something sinister was looming overhead on the near horizon, something dark and evil, but she couldn't quite put her finger on it. Her stomach was knotted and she was filled with a fearful dread. Kyle had a disturbing nightmare just before his 3rd Degree ceremony, which would make him a High Priest. Jessica was dabbling in the occult and had a very important appointment. She was about to enact her blood pact with the devil. Things really got out of control when the angels and demons entered the scene and a spiritual warfare broke out... Have the trio turned against each other? Was their close friendship in jeopardy? Or could their love for one another transcend even supernatural dimensional boundaries?
