

Magic, Mischief & Mayhem: A collection of magical works

Between childhood and adulthood lie the greatest adventures of wonder. The heroes and heroines of these seven stories embark on fantastical journeys of discovery and growth as they find out just who they are, what world they live in, and what their destinies are. Along the way, evil and not-so-evil obstacles stand in their way and magic, for better or worse, plays a major role in each of their adventures.
