

World War Blue Vol. 2

First Quest: Test Your Might! Gear and his companions set out on their clandestine mission to rescue General Alex, the Segua Kingdoms greatest warrior. The squad will learn new skills, encounter new foes, and will push their endurance to the limit. As Gear discovers more about his own past, he will be forced to make the toughest decision of his life. His father once told him, What you want to do and what you must do are often two very different things. The power that comes with being a Killer is not without its price. The video game parody like no other continues, chock-full of extra features!
