

# The High Road Has Less Traffic ...: and a better view (Volume 1)

Part auto-biography/part self-help, Monique's first book, *The High Road Has Less Traffic*: honest advice on the path through love and divorce, shared her personal journey through divorce. This second book in the series, *The High Road Has Less Traffic and a better view!* is all about providing perspectives. She is not a divorce attorney; not a clinical psychologist; not a marriage therapist. Monique is just a regular person like you -- trying to maneuver through the complexities of love, marriage, divorce, parenting, dating, remarriage, and everything in between. Monique's goal is to share perspectives from life along the way that are inspiring, motivating, and thought-provoking and, of course, at times witty, sarcastic, and challenging.
